

Clients of the Month - September to December 2008

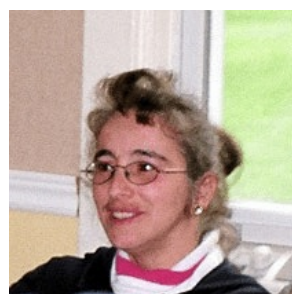

Robbie

The staff here at PCC were thrilled to present **Robbie MacIntosh** with the Client of the month award for September. Robbie is upbeat, positive, has a great sense of humor -- when Robbie is here somebody is cracking up! Robbie is fun to be around but when it's time for class he's always ready to work and excels in almost everything he puts his mind to. Congrats Robbie keep it up!

Cody

Cody Smith has been a huge part of the life and fun here at PCC and the staff can't imagine it without him. Nothing is bigger and brighter than Cody's imagination and personality; his stories and tales of dreams from the days before always keep us entertained and wanting more. Once class begins Cody is eager to learn and isn't afraid to ask questions and build on the skills he has already developed, he shows genuine interest when guests come in to speak and is awesome on outings. We all congratulate you, cheers for Cody!

Georgie-Anna

Georgie-Anna Gallant is always looking for fun, trying to make someone smile or high-fiving us after a game of air hockey. It is amazing to me how someone can always stay so positive, upbeat, and love learning. If there was a prize for our karaoke queen, Georgie-anna would definitely have the crown. It's her positive, good sense of humor and desire to learn that makes her a wonderful member of our program. I think it's safe to say that without her things here at PCC wouldn't be quite so bright! Congratulations girl, you deserve it!

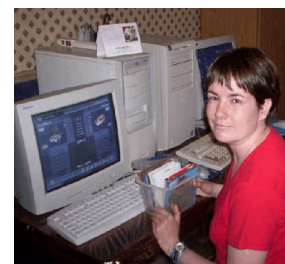

Dylan Allen is a great comedian and he is always good company. I don't know if we have ever had someone walk through the PCC door who knew as much about movies and music as this guy. When it comes to class, he is ready with a smile on and loves learning. EOV and business ventures welcomed him with open arms and he has contributed to both programs. From the staff at PCC we would all love to say keep it up Dylan the place definitely wouldn't be as exciting without you!

Fall Camp Out Update

What a rockin' weekend! From an awesome new facility at Camp Abegweit to all the guest speakers, singers and performers. It was amazing. All 16 staff and clients had a fantastic time. The weekend included music, team building, motivational speakers, beach walks, games, movies, dancing and the list goes on. The weather was cool but beautiful and inside our new camp we stayed toasty and warm. All the staff volunteered their time to come out for the weekend and they need to be thanked a million times over. It is nice to get away and just hang out and goof off a bit!
